Disclaimer/Terms and Conditions of Service

1. The written/oral services provided by me are astrology, palmistry, face reading and spiritual guidance and are for serious believers of astrology, palmistry, face reading and spirituality. Spiritual and /or Gemological remedies may also be also prescribed as necessary.
2. The medium of written/oral communication will be English/Hindi.
3. All the material is copyrighted to Jyotshi Vir Bhagat, except where otherwise referenced or the source mentioned.
4. Please note that deaths, especially sudden deaths cannot be predicted either by charts or palms. Please do not ask me about it.
5. The accuracy of predictions is improved a great deal if you give me as much detail as possible about yourself. It helps in context setting. This is because this is the era of 'predicting in the blind', with just a picture of the palm and birth details; as compared to the pre-internet days.
6. Additionally to facilitate clear communication, I have given very reasonable on phone talk options with myself, as it is a scientific fact that written communication has its limitations. Though I write in very simple and understandable language, but in case you have any doubt, you are encouraged to use the phone consultation. For example if you have opted for a detailed report and asked questions – the answer to your questions may also be covered in the report and hence you are advised to read your written report completely and sometimes even a second time. It is delicately written for you. If still in doubt please consider a phone consultation.
